

Tanoo Sree Krosuru

tanoosreekrosuru@gmail.com LinkedIn GitHub Portfolio +91-8328689054

Summary

Results-driven Computer Science undergraduate with strong proficiency in **Data Structures, Algorithms, and Problem Solving**. Skilled in **Java (OOP, Collections), C++, Python, and SQL**, with hands-on experience in **frontend development using React.js, JavaScript, HTML, and CSS**. Possess solid understanding of **DBMS, Operating Systems, and Computer Networks**. Interested in **backend development** and building **scalable, efficient systems**, currently learning **Spring Boot and REST APIs**.

Technical Skills

- **Languages:** C++, Java, C, Python, SQL
- **Web Technologies:** HTML, CSS, JavaScript, Bootstrap, React.js, React Native
- **Core Concepts:** Data Structures, Algorithms, OOPS, DBMS, Operating Systems, Computer Networks
- **Tools:** Git, GitHub, Docker, VS Code, Excel, PowerPoint
- **Learning:** Spring Boot, REST APIs

Experience

Web Development Intern – Aditya University

May 2025 – June 2025

Worked on **Ecovana**, a home gardening and sustainability-focused web platform providing plant-care guidance and eco-friendly resources. Contributed to building a clean and user-friendly interface with structured content and intuitive navigation.

- Built a **responsive web application** improving usability across mobile, tablet, and desktop devices
- Architected **structured UI components** enhancing navigation and content accessibility
- Developed **reusable frontend components** improving scalability and maintainability
- Enhanced **user experience** by optimizing layout responsiveness and content clarity

Projects

- **Algonest – DSA Preparation Platform**
 - Built a platform to **organize Data Structures and Algorithms problems** in a structured and topic-wise manner
 - Designed a **modular architecture** improving navigation and content organization
 - Developed a **responsive user interface** ensuring seamless accessibility across devices
- **Payment Gateway with Multi-Method Processing**
 - Engineered a **payment processing system** simulating real-world transaction workflows
 - Implemented **secure validation and error handling** to ensure reliable transaction processing
 - Enabled **multiple payment methods** including UPI and card-based transactions
- **Portfolio Website**
 - Built a **personal portfolio website** to showcase projects and technical skills
 - Implemented a **responsive and mobile-first design** for optimal performance across devices
 - Enhanced user engagement through **interactive UI components** and structured navigation

Education

B.Tech in Computer Science and Engineering

2023–2027

Aditya Engineering College

CGPA: 9.3

Intermediate (Class XII)

2021–2023

Narayana Jr. College

CGPA: 9.58

Class X

2020–2021

Narayana Group of Schools

CGPA: 10

Certifications and Achievements

- **IT Specialist** Certification in **HTML, CSS, JavaScript**
- **MongoDB Associate Developer** Certification
- **Oracle Certified** in **Java Programming**
- **Cisco** Certifications in **C, C++, and Operating Systems**
- **HackerRank** Certifications in **SQL and Python**
- Achieved **5-star rating in SQL** and **4-star ratings in C++, Java, and Python**
